Experience

Quantum's foundations lie in kitchen manufacturing knowledge and experience. In 1975, the first cabinet was built, and from there, Quantum was born. These bespoke kitchens have been cultivated by Quantum's highly respected CEO who grew up around the business, and the ever-expanding team.

Every Quantum kitchen is made to order, to ensure you receive durable, purpose-built cabinets. Each cabinet is crafted using a combination of state-of-the-art machinery and classic workmanship, resulting in both precision-built kitchens and exceptional quality. Quantum cabinets are all hand-assembled and undergo rigorous quality checks before leaving the premises.

Reliability

Each Quantum kitchen comes with a full 25-year guarantee on doors, drawers, cabinets and hinges. With coverage such as this, you're left with peace of mind that your kitchen is not only built to last, it is guaranteed to last.

Responsibility

Conscious of the environmental impact manufacturing can generate Quantum endeavours to only use wood materials sourced from well-maintained, sustainable forestry. Additionally, all wood waste created during the production of your kitchen is recycled as a source of energy, heating Quantum's factory and offices, consequently reducing our carbon footprint.

They can also be extended to other areas of the home in the form of fitted furniture. With options such as floating shelves and television cabinets available, you can plan your storage throughout your house. Fitted furniture can be used as a bridge between the kitchen and living space, or as a deliberate interior design decision to ensure design uniformity within the home.

Design Tip

Your kitchen doesn't have to be confined to just one room. Every home is unique, and no matter your space or your needs, you can create an individual design perfect for your house. If your traditional kitchen space is too small, and you have room to accommodate, you can prioritise your kitchen space and create a utility or practical pantry room for items you can't or do not want on display in your kitchen.

Colour: Left Graphite. Top & Bottom Right Indigo.
