OUR VALUES

Experience

Quantum's foundations lie in kitchen manufacturing knowledge and experience. In 1975, the first cabinet was built, and from there, Quantum was born. These bespoke kitchens have been cultivated by Quantum's highly respected CEO who grew up around the business, and the ever-expanding team.

Every Quantum kitchen is made to order, to ensure you receive durable, purpose-built cabinets. Each cabinet is crafted using a combination of state-of-the-art machinery and classic workmanship, resulting in both precision-built kitchens and exceptional quality. Quantum cabinets are all hand-assembled and undergo rigorous quality checks before leaving the premises.

Reliability

Each Quantum kitchen comes with a full 25-year guarantee on doors, drawers, cabinets and hinges. With coverage such as this, you're left with peace of mind that your kitchen is not only built to last, it is guaranteed to last.

Responsibility

Conscious of the environmental impact manufacturing can generate Quantum endeavours to only use wood materials sourced from well-maintained, sustainable forestry. Additionally, all wood waste created during the production of your kitchen is recycled as a source of energy, heating Quantum's factory and offices, consequently reducing our carbon footprint.

ALUMA

Aluma is a sleek, modern range of kitchens, with each door selected to provide a comprehensive collection of contemporary styles. This range of True Handleless kitchens offer both the sleek, linear look of ultra-modern designs and quirkier, contemporary takes on traditional styles. Each cabinet within this range is bespoke; engineered to accept rails that act as a recess, resulting in seamless designs.

This modern collection is designed to work with a wide range of interior design styles, providing solutions for those looking to create anything from conceptual, architectural styles to industrial and modern luxe creations. With a wide range of accessories and finishes available, the Aluma collection is completely bespoke. To ensure continuity within your home, the option of handleless furniture designs are available, with everything from bench seating to bars on offer.

The design preferences and vision you have for your kitchen and other living areas can be transformed into a reality by a network of independent retailers. Each Quantum studio has been carefully chosen to provide you with a reliable, experienced team who are equipped to meet your unique needs.

BELLEVER

Colour: Matt Regiment & Gloss Dove Grey with Brass rails.

Airy, beautiful and sleek, this slab kitchen offers an ultra-modern design. Clean lines define the space, creating a fresh, refined look. Free from clutter, the Bellever door is perfect for such a considered design. When creating a minimal design, every decision and alteration makes a significant impact. With such an extensive colour palette available in this style, Bellever allows for expression within a contained environment.

CROYDE

The minimalistic nature of Croyde invites serenity into the room and provides an ultra-contemporary design. Such simplicity ensures you have a chance to escape the demanding nature of everyday life, while neutral colours extend the opportunity to branch out and implement interesting accessories and curious features. Simple designs such as these are about articulating every choice you've made, resulting in a precise, polished kitchen.

URBAN METROPOLIS

An urban kitchen can be created with light colours for a prominent, clean design. Dabble with stormy slate accessories or flooring to emphasise lighter colours and opt for matt white rails to contribute to the ambience of calculated calm.

HALE

Quirky, bold and interesting, this modern kitchen offers a bohemian feel with a relaxed, more traditional shaker design. Shaker doors are unusual inclusions within true handleless designs, making Hale the perfect choice if you are looking to create a relaxed atmosphere in your home. With the option of rich accessories, this is the perfect style to accessorise as detailed kitchen doors are more receptive to busier designs.

LINDEN

A glow can be created within your kitchen through lighting choices, colour options and a luxurious woodgrain. The limed effect Linden Glazed Halifax Oak provides an incandescent feel, and when combined with rich materials such as marbled worktops, the entire space generates a delicate warmth. Dainty accessories act to complement the warm, neutral colours, whereas gold and real wood accessories ground the design and add a honeyed ambience.

Quantum kitchens have been built in England since 1975, using proven manufacturing techniques and the highest quality materials. The strictest quality control measures have been put in place to ensure that your made-to-order, hand assembled kitchen leaves the production line only when it has undergone a series of rigorous checks.

Quantum kitchens all come with a 25 year guarantee on cabinets, door and drawer fronts. In the extremely unlikely event that, subject to wear and tear, any of the cabinets, doors or drawer fronts should fail, we will repair or replace the faulty item(s) at no expense for a period of 25 years from the date of installation.

Full terms and conditions available on request.
